

# Class of 2025 Results

We congratulate the Class of 2025 on the strong results they have achieved and on the way they have approached their final years of schooling with focus, resilience and determination. The achievements of the Class of 2025, alongside the strong results attained by our Year 11 students, reflect a shared commitment to learning and academic excellence across the senior years. This cohort has much to be proud of, both in terms of individual achievement and their collective contribution to the life of the School.

Throughout their time at Collegiate, the Class of 2025 were brave and bold in their learning, embracing challenge and striving for excellence. They demonstrated kindness through their sustained commitment to service, supporting one another and contributing positively to the wider community. Their involvement in leadership, sport, the visual and performing arts, and cocurricular activities enriched Collegiate and supported their development as confident, compassionate young people.

We acknowledge that these achievements reflect not only the efforts of the students themselves, but also the dedication and expertise of teachers, support staff and families who have guided and supported them throughout their journey.

The Class of 2025 leaves a positive legacy at Collegiate and can step into the next stage of their lives with confidence, optimism and the determination to use their talents for the good of others.
